Product description:

The spiral beam with coloured sheets is meant for children at the age of 3-10 years. The construction of the beam is made of hot galvanized steel and the coloured sheets of UV and weatherproof coated plywood. Moving on the beam, one can train balance or the sheets can be used as seats. There are numbers from one to ten in the sheets to teach children to count. The spiral beam is fixed to the ground with ground fastenings at seven points.
