Product description:

A playvillage of four platforms with seals, one roof, a play corner, a connection bridge, a sloping run and two sliding channels (1,2 and 1,55m) is meant for children at the age of 4-15 years. To go up children use first low platform what is 0,7m high. There is a ship captain´s helm installed on the second platform. Under the third slide platform, there is a thematic playroom where one can choose between a kitchen corner with a bench for girls or a driver´s compartment for boys. From the third slide platform, one can move on by the bridge to a higher slide platform, from where it is possible to

descend by a sliding channel 1,55 m high. This platform can also be attained by the sloping run, of which the steps are letter- or mussel-shaped.

Sand or rubber safety tiles are recommended all over the safety area.
