Product description:

A playvillage, which reminds an old fortress. Contains of three square and one octagonal platform. On the way upwards, children may use whether a 0,7m high platform or a metal arch ladder. From octagonal platform to the last and highest platform leads a suspension bridge with metal banisters. There is a climbing wall for developing climbing skills attached. For going off the playvillage, there

is a fireman's pole and 1,2m high slide.

The equipment will be fixed to the ground by concreting.

Sand or rubber safety tiles are recommended all over the safety area.
